

# CHARACTER LIST

## My Character List

As you get to know the characters in *The Tempest* add to these posters. Watch 'Prospero's Library' and this time as you're watching write down all the different characters you're introduced to. Each week, as you watch the next part of the story and learn more about the characters and get introduced to new characters you can add to this.

We've done an example of Prospero for you but you can do your own as well! You could turn in to a character book by stapling the pages together or hang up in your home for everyone to learn and add to!
