

ROXETH PRIMARY SCHOOL

Revised Accessibility Plan 2017-20

Aims and Values

Roxeth Primary School is a welcoming school where everyone is valued highly and where tolerance, honesty, co-operation and mutual respect for others are fostered. We are committed to the development of the whole person within a supportive, secure and creative environment. A broad, balanced and appropriate curriculum provides equal opportunity for all pupils to maximise their potential regardless of race, disability, gender, gender re-assignment, age, pregnancy and maternity, marital status, sexual orientation, religion and belief. We endeavour to promote positive relationships with parents, governors and members of the wider community.

At Roxeth Primary School we aim to promote equality and tackle any form of discrimination and actively promote harmonious relations in all areas of school life. We seek to remove any barriers to access, participation, progression, attainment and achievement. We take seriously our contribution towards community cohesion.

Introduction

The SEN and Disability Act 2001 extended the Disability Discrimination Act 1995 (DDA) to cover education. Since September 2002, the Governing Body has had three key duties towards disabled pupils, under Part 4 of the DDA:

- not to treat disabled pupils less favourably for a reason related to their disability;
- to make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage;
- to plan to increase access to education for disabled pupils.

This plan sets out the proposals of the Governing Body of Roxeth Primary School to increase access to education for disabled pupils in the three areas required by the planning duties in the DDA:

- increasing the extent to which disabled pupils can participate in the school curriculum;
- improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services;
- improving the delivery to disabled pupils of all information necessary for equal access.

The plan is not an independent strategy, but more of a thread running through all the school's plans and policies including:

- Plans related to capital works and premises management
- Curriculum
- Information technology and support services
- Staff training and associated services

It is an integral part of the school improvement plan. It is a requirement that the school's accessibility plan is resourced, implemented and reviewed and revised as necessary.

Attached is an action plan showing how the school will address the priorities identified in the plan.

Definition of Disability

Disability is defined by the Disability Discrimination Act 1995 (DDA):

"A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term¹ adverse effect on his or her ability to carry out normal day to day activities".

The purpose and direction of the school's plan: vision and values

The purpose of the school's plan is to reduce and eliminate barriers to access to the curriculum and to full participation in the school community for pupils, prospective pupils and our adult users with a disability.
