## Summer Learning Challenge

We would like you to think about cultures around the world. You can choose your own culture or select a few different ones. Your task is to create a piece of learning and present it in a format of your choice. E.g booklet/poster/powerpoint/model/writing.

Some questions for you to think about:

- What type of food/clothes/languages are used in the culture?
  - How do people greet each other in this culture?
  - What do the people do in their spare time?
  - What is special about your chosen culture?
- How/why should people of all cultures be treated equally?
