Welcome message from Mr Gefuri

Hello 5G! It has been a great shame that I haven't been able to meet you all yet, however, I really forward to meeting you all in September. Some of you may already know me as I do currently teach a few of your brothers and sisters in Year 6! After speaking to Mrs O'Sullivan about you all, I think we're going to have a great year together in Year 5! Me & Mrs Bhudia have already been looking at some of the learning for Year 5 which looks really exciting and engaging. There will be topics such as Victorians & Ancient Greece which I'm sure you will really enjoy learning about. I hope you all have a great summer holiday and see you in September for your long awaited return to school!

Summer Learning Challenge

We would like you to think about cultures around the world. You can choose your own culture or select a few different ones. Your task is to create a piece of learning and present it in a format of your choice. E.g booklet/poster/powerpoint/model/writing. I am looking forward to learning all about the different cultures in 5G in September!

Some questions for you to think about:

- What type of food/clothes/languages are used in the culture?
 - How do people greet each other in this culture?
 - What do the people do in their spare time?
 - What is special about your chosen culture?
- How/why should people of all cultures be treated equally?
